(Appointment required)

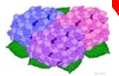

☆Dental consultation/Baby foods consultation/
Boobs consultation☆

each 3pairs appointment Fee:200yen

Our dentist, nutritionist, and

staff are all parents and can address your individual needs.

“Tsuyu”

We call the early summer rainy season “tsuyu” in Japanese. “Tsuyu” is a long rainy season in June and July. During the rainy season, the weather is mostly cloudy or wet, and the air is humid and hot. But one positive aspect of “tsuyu” is the blooming of hydrangeas. The hydrangea is a very beautiful and radiant symbol of the rainy season. Japanese call “Ajisai”.

~ You can be consulted. Please ask our staff for more information. ~
